

# YEAR 4 HOME LEARNING PICK AND MIX GRID

	Geography	PSHE	RE	French	The Arts	Science
Expand	Research and create a fact file about a well-known mountain/ mountain range or river. Information including: name, location, size, (height or length) Any other interesting facts you can find out about it. Animals or plant life etc	Explain what makes a good friend and the steps you take if you fall out.	If you were a Hindu what could you do during your lifetime to achieve Dharma? Write and draw some examples relating to your own personal life.	Using the key vocabulary learnt in lessons describe a habitat and label a picture of it.	Choose an artist famous for their landscape painting. Research their life and career. Name some painting(s) they are known for and what techniques they used. Eg. Ceri Richards Henry Moore Vincent Van Gogh Paul Gauguin	Carry out an experiment to show the reversible and irreversible changes of matter of two different materials. Eg. Water to ice or steam (reversible) and squash (irreversible) . Write your method and results and include pictures or a photo.
Creative	Make a 3D model of a mountain and river scene using recycled materials. Think about how to colour it appropriate colours.	Make a dream that represents your future hopes and dreams and how you will achieve them.	Choose one of the Hindu Gods you find interesting and make a 3D model of it or picture using something other than just colouring ie/ collaging.	Design the front cover of a book for Goldilocks and the three bears. Title must be written in French.	Create your own landscape picture of mountains and a river using paint/pens or coloured pencils remembering to shade and blend where necessary.	Create a poster illustrating the 3 different states of matter. Explain how one changes to another and whether it can change back again.

Aim to bring in at least 9 pieces of work across the term.
